Work & Study –
Demonstration Day at Haaga-Helia UAS

Work & Study is the process of recognizing and validating work-integrated learning at Haaga-Helia UAS. Demonstration Day is the culminating point of Work & Study.

Overview

It is initiated by the student, monitored by the lecturer, coordinated by a DP responsible and sustained by the employer organization. Peer students and alumni as representatives of the world of work contribute to feedback and assessment.

Innovation

Assessment training for alumni acting as co-assessors: recognized in teacher's training in Haaga-Helia School of Vocational Teacher Education.

Sustainability

Agile and cost-efficient way to bring together students with different backgrounds and a common goal. When learning is shared, best practices are found and good ideas disseminated.

Scale

The Demonstration Day is available for all Haaga-Helia students and students in open LUK, as well as for incoming exchange students.

Transferability

Several HEI in Finland have adopted Demonstration Days already, and the process is currently developed in export of education of Haaga-Helia.
