Financing VPL in the Republic of Korea

- 01** VPL in RoK
- 02** Financing VPL in RoK
- 03** Lessons Learned

Definition

- A process of assigning values to all outcomes of learning, regardless of its type, including self-study, training from institutions, volunteering in the community, on-the-job practice, and even living experiences (Lee, Um & Lee, 2013)
- Objective indices to be utilized in further education, employment and career development of learners (Na, Oh & Shin, 2016)

Objective

Development of a comprehensive framework of qualifications and standardization

- Informing learners of their specific achievements;
- Providing measurements for non-formal and informal learning;
- Giving learners tangible evidence of achievement that is formally recognized by the government;
- Increasing learners' motivation

VPL in RoK

: Why is VPL important?

High level of educational achievement but low level of adult education participation

Differences in skills across age groups

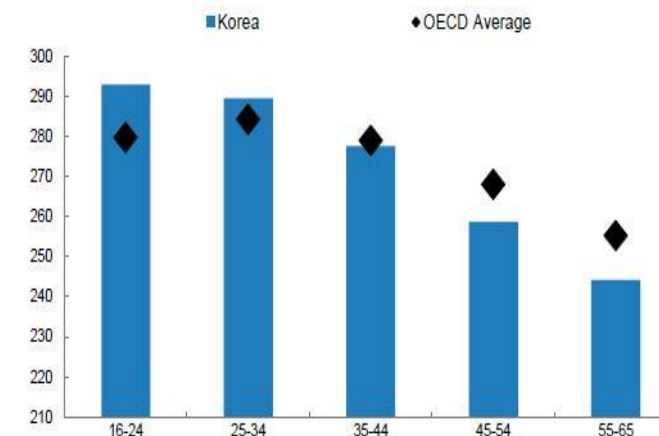

Significant mismatch of skills and skills fast becoming obsolete

In order to enhance an individual's lifelong learning participation, validating and recognizing diverse learning outcomes and/or experience is needed.

Support Project for Adult Literacy Improvement

Recognition of Academic Qualification for Literacy Learners through Literacy Program

For those who completed adult literacy programs that are certified by the local office of education, are handed out primary or secondary school graduation certificates

Since 2011, a cumulative number of 8,802 learners have received a certificate of academic qualification.

1

MOE & NILE

- Support education institutions
- Develop curriculum for literacy education
- Train teachers
- Operate a program review commission
- Promote literacy programs

2

Local Governments
Offices of Education

- Operate qualification screening committee
- Designate institutions for program installation
- Recognize academic qualification for literacy education program graduates
- Support institutions

3

Educational Institutions

- Operate programs
- Promote literacy programs
- Provide various support to learners

2

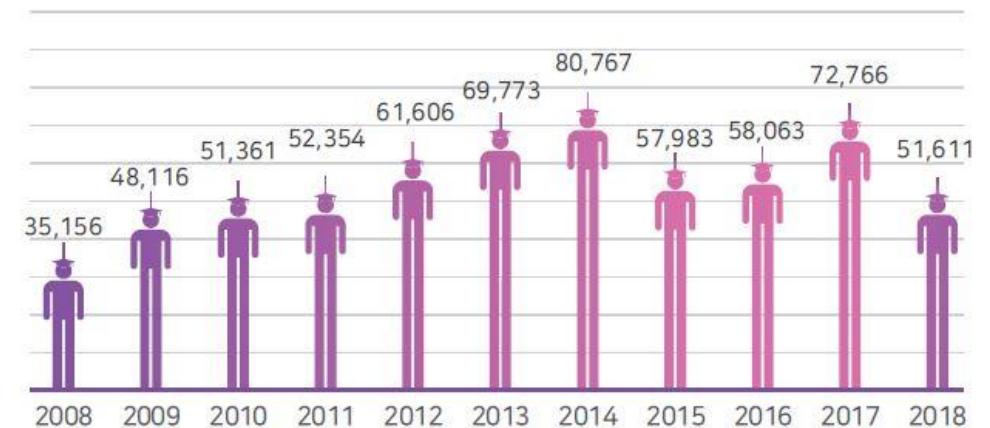

Academic Credit Bank System (ACBS)

- An **open education system** which **acknowledges various learning experiences and qualifications** acquired both in and outside of the school system
- Provides a **Bachelor's Degree** when a person meets certain standards of credits accumulation in accordance with the Act on Recognition of Credits, etc.
- Apply for **license acquisition**, such as judicial examination, certified public accountant test, and national technology qualification test

1

Building the legal framework and rationale

Constitution

Article 31 Government Duty

- (1) All citizens shall have an **equal right to receive an education** corresponding to their abilities.
- (5) The **State shall promote lifelong education.**

Framework Act on Education

Article 31 Right to Learn

Every citizen shall have a **right to learn throughout life** and to receive education according to his or her abilities and aptitudes.

Lifelong Education Act

Article 8 Study Leaves and Support for Study Expenses

The State, local governments, public institutions or various corporations may **grant their employees paid or unpaid leaves for study** to expand their opportunities for lifelong education, or pay them study expenses

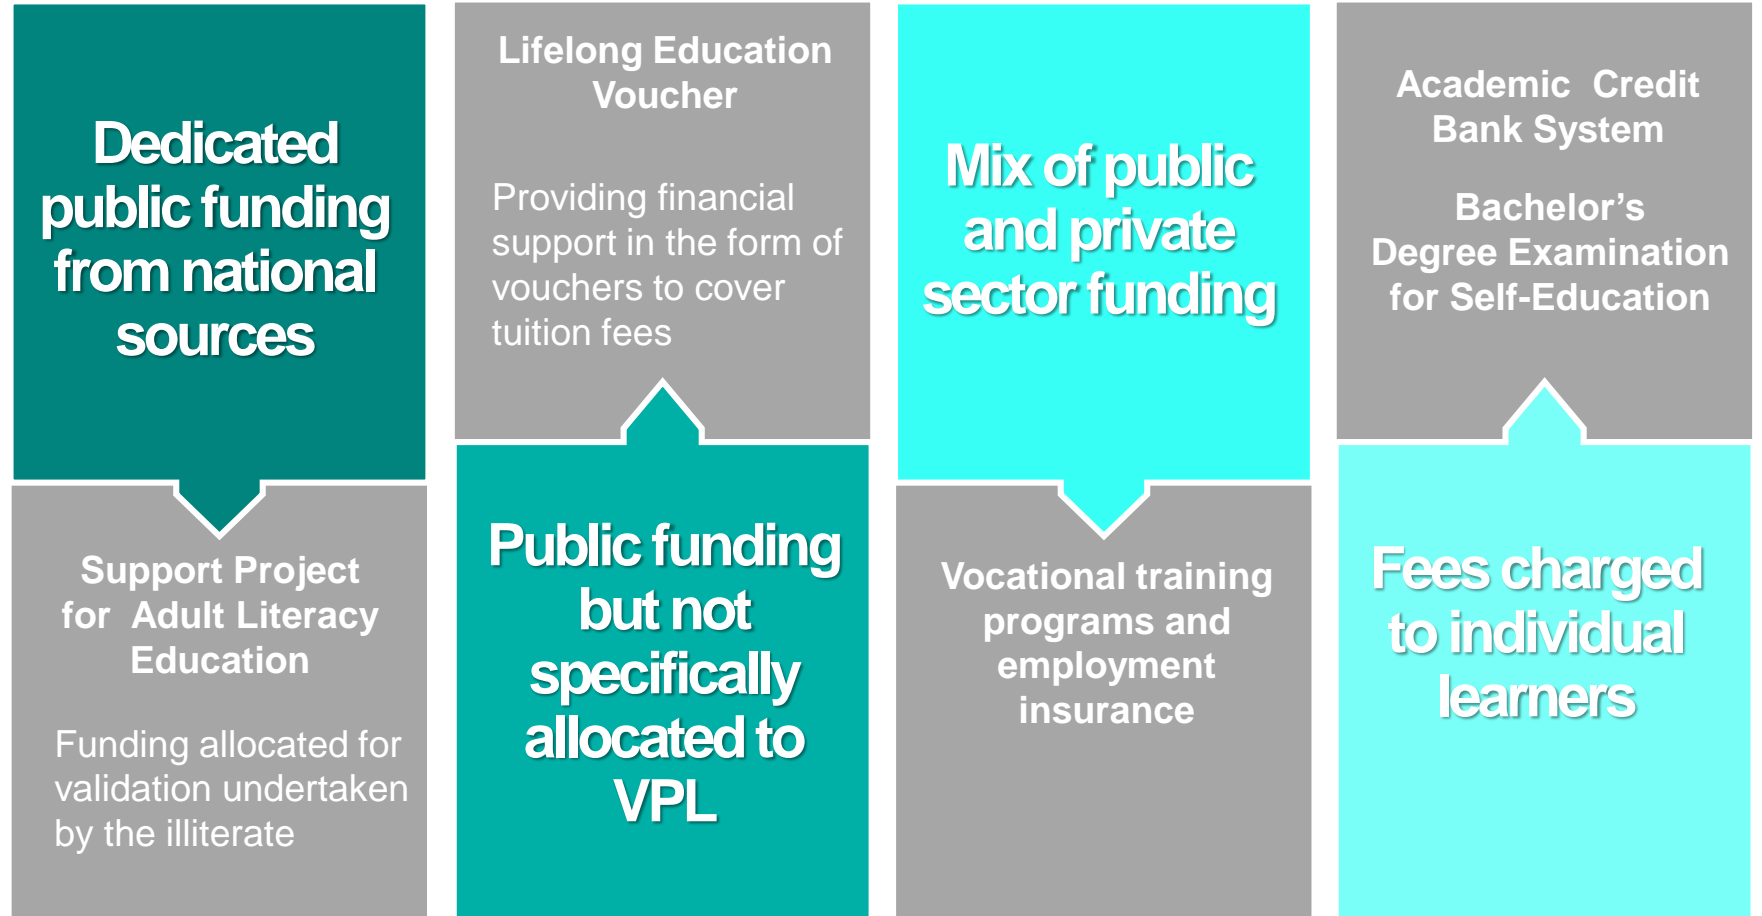

Article 16 Support for Expenses and Assistance

(1) The State and local governments may implement or assist the lifelong education promotion projects

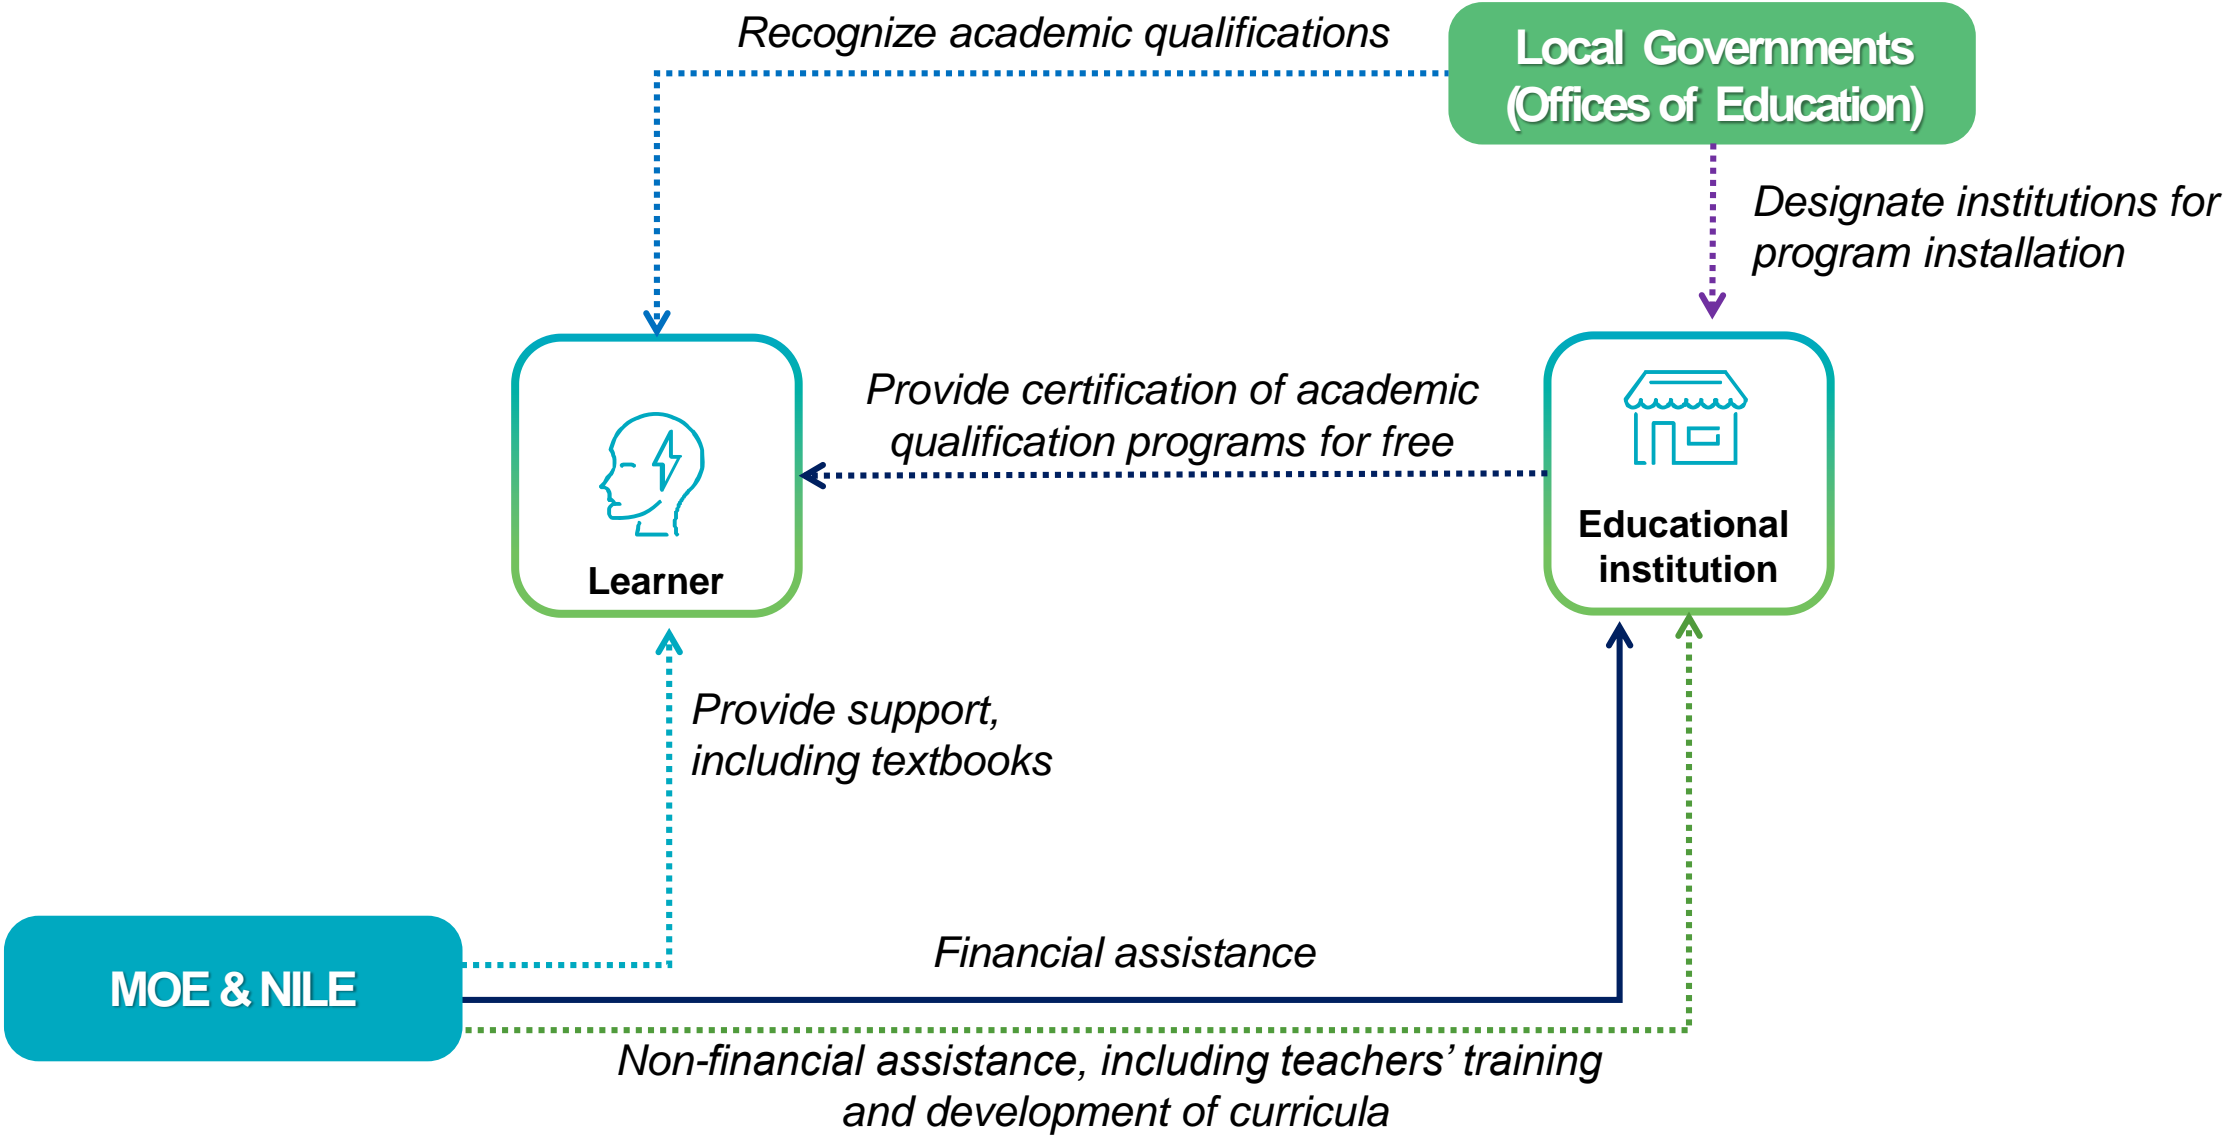

2

Mobilizing necessary resources

- There is a little public funding allocated for VPL only, but available for measures such as alternative education or obtaining qualifications.
- VPL is indispensable part of lifelong learning policies in RoK.

Support Project for Adult Literacy Improvement : Make VPL accessible to all learners

Lifelong Education Voucher(LEV) : Make VPL accessible to all learners

What is the LEV?

- A government program that allows selected learners who are lower-income families, to participate in educational activities of their own choice and in accordance with their learning needs

Eligibility

- Over 19 years of age and, in accordance with the National Basic Living Security Act, either (a) recipients of benefits or (b) persons within the second-lowest income bracket

Details

- Provide a voucher card worth ₩350,000 (270 EUR) per year for about 5,000 people
- Use the voucher card to pay tuition fees and other costs, including the purchase of books and materials

Relevant Programs

- Education programs for the purpose of acquiring academic certificates, including ACBS
- Lifelong education programs for reasons other than acquiring an academic certificate

Lifelong Education Voucher(LEV)

How to use the LEV?

- Access the LEV website and submit an application
- or visit lifelong learning institutions to receive help with the process

- Qualification review through the Public Information Sharing Center and recipient selection

- Sign up for ACBS courses and attend classes at the educational institutions

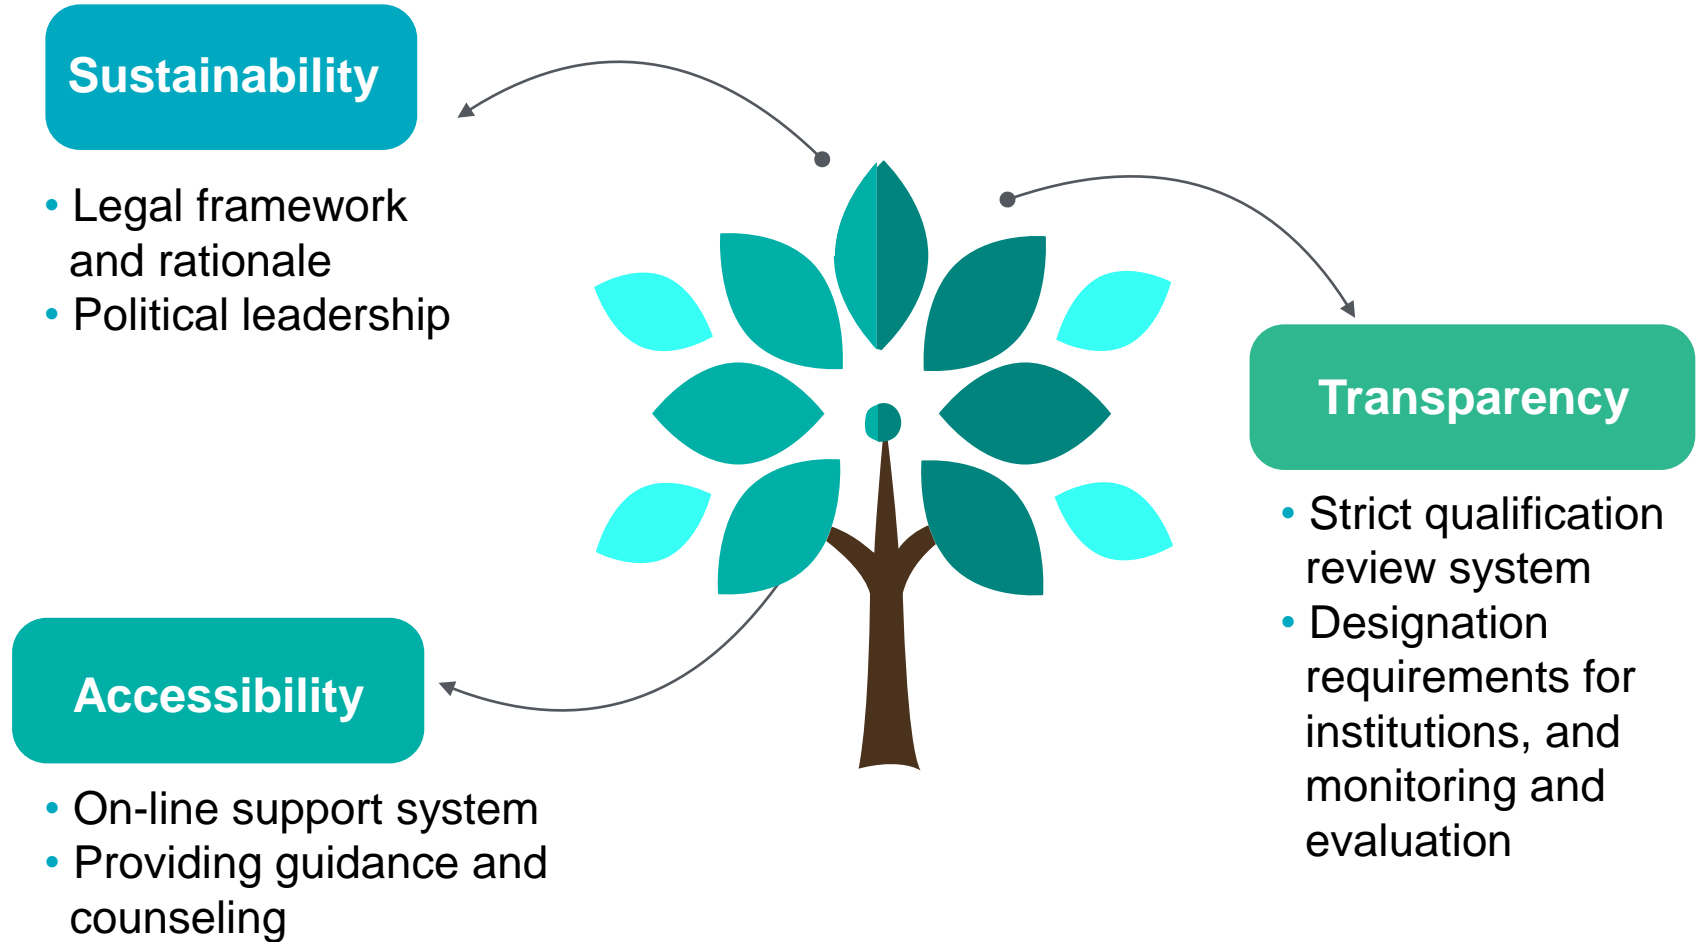

- Submit an application for degree to the National Institute for Lifelong Education

- Accumulate credits until requirements are met.

How to ensure sustainability, transparency and accessibility in a funding scheme

For a secure financing model

Key take-aways

: Strategies for a Better VPL System

Sustainability

- **Legal Framework** : Policies implementation based on a legal foundation
- **Political Leadership** : Political efforts through the national long-term and mid-term plan

Accessibility

- **Online support system** : Platform for institutions and learners to apply for financial assistance and acquire necessary information
- **Guidance and counseling** : Provision of consulting services to institutions and learners

Transparency

- **Qualification Review** : Specific screening standards and a thorough review system leveraging reliable data
- **Monitoring and Evaluation** : Management of online and offline monitoring; Penalty system to hold institutions and learners accountable; Learners' and stakeholders' satisfaction survey
