

DITKANIK.NU

an E-portfolio for life long
learning

3RD VPL BIENNALE

Libereaux

Short introduction of Libereaux

- Portfolio-procedures (for education and labour market)
 - Validate
 - Present
 - Orientate
- Educational consultancy
 - Development of 'academies' within organizations
 - Support educational changes in Higher Vocational Educational institutions
- e-Portfolio

Development of e-Portfolio

- Paper portfolio's
- “We want more than just a shoebox”
- Content vs technical
- DIT KAN IK . NU (I CAN DO THIS . NOW)
- Complementary modules

Version 2.0

- Spider web of modules and features
- Start with a clean sheet and make improvements
- E-portfolio post validation → Life Long Learning (Development)
- E-portfolio as a tool for intersectoral mobility

E-Portfolio post validation

- 85% doesn't feel urge to develop → how to seduce?
 - (Adaptable) future profile
 - Insight in need to develop
 - Ambitious: growing into...
 - Together with organisation/employers
 - Example: cardiac care at distance
 - Share-function
 - Secure environment
- 

Let's take a look!

Begeleider Libereaux

Begeleider

Succes factors

- Stand alone system
- Complete overview
- Counselling (initiative with professional)
- Future profile (ownership)

Further development: our ideas

- Connection between development needs and specific education/development routes
 - Continuous feedback / tips
 - Personal support on request
 - Gamification/badges
- 

Your insights

Now you have seen and heard this...

- Any suggestions and/or ideas?
- What would the labour market in your country need?
- What would the professionals in your country need?

Thanks for your attention

Have any questions or remarks? Let me know!
