- Exchange of experience on the implementation of RPL in the national higher education area and the establishment of networks
- Connection of network members
- Common voice on RPL topics

European RPL Network

Benefits of collaborating in a network & shared responsibility of all members for the functioning of the network

Peer support through networks

- Exchange of experience with other RPL-professionals, advice on the development of validation procedures and support on how networks work
- Intensify the exchange on questions of recognition of non-formally and informally acquired competences on a European level
- Collaborate on RPL related topics and gain a global perspective such as RPL at the access to higher education, skills shortage, RPL friendly culture
- Empower network members to have a direct impact on RPL-enhancement on local level

Committees & working groups

- Permanent Committees: Coordinating Committee, Policy Committee, Peer learning Committee, PR Committee
- Working groups: Access to Higher Education, Support to National Networks
