“A window of opportunity” Kingdon 2011

- “The way we do things around here” (Schein, 2010) - Organisational culture shift involved in moving away from RPL as outlier to RPL as a more scalable pathway
- National RPL Framework and Technical Definition as the scaffolding for consistency that supports context specific innovation
- SETU RPL Policy sufficiently agile to support staff in balancing structured RPL processes with professional judgement and assessment methodologies that account for the “particularities of experiential learning” (de Paor, C., 2023)
